Date: Friday, November 08, 2013

Time: 7:30 to 9:30 pm

Program Description: Astronomy Night

Science students are learning about the solar system. To enrich their curriculum, members of the St. Louis Astronomical Society (SLAS) will visit the school for a special opportunity to view the night sky. The viewing will take place on the east side of the building. Upon entering the school property, presenters should go to the right side of the building and park there. Door #5 will be open into the 7th grade hallway and a custodian will be in the building.
