

Club Information Page

<http://nightsky.jpl.nasa.gov/club/club-view.cfm>

An example of what the public sees as your Club Information page is shown below.

The areas outlined or circled in red on the Club Information Page can all be controlled by Club Coordinators.

The screenshot shows the Astronomical Society website interface. On the left is a navigation sidebar with a blue header 'Network Home' and several green menu items. The main content area has a dark blue header with the 'Astronomical Society' logo and name. Below the header is a 'Welcome to the Astronomical Society!' message and a list of links. A map of the San Francisco Bay Area is displayed at the bottom, with a red circle highlighting a specific location marked with a pin and the number '1'. A red dashed line connects this circle to the text box above.

Clubhouse

1. Log in as a Club Coordinator.
2. Select “Club Information.” <http://nightsky.jpl.nasa.gov/club/club-view.cfm>
3. Select “Edit Club Information” from the left-hand column. <http://nightsky.jpl.nasa.gov/club/club-update.cfm>
4. Specify your club’s abbreviation or initials. This identifies your club on the Network event calendar and various other places.
5. Upload a club logo.
6. Specify which services you want to offer to visitors to your Club Information page. Select “No” if you do not want the service on your Club Information page.

GENERAL INFORMATION

Club Name:

Short Name/Initials (for Calendar):

Club Logo: Select "Browse" to upload a different logo. Must be a JPG or GIF file.

JPG, 242 KB (242, 868 x 859 px) (check to remove)

CLUB INFORMATION PAGE OPTIONS
[View NSN Club Information Page](#)

Do you want these features on your Club Information page?

Option for your club members to register as NSN Participants?
 Yes No

Allow the public to apply for membership in your club?
 Yes No

If YES: Enter any message to be displayed on the Application Form
Our club is welcoming and open to all.

Specify up to two optional links to appear below block of text:
Link 1 Title: Instructions for submitting membership dues.
Link 1 URL: <http://www.payduesservices.com/asp>
Link 2 Title:
Link 2 URL:

Accept Service/Event requests from the public?
 Yes No

If YES: Enter any message to be displayed on the Request Form
We look forward to providing you with astronomy services!

Specify up to two optional links to appear below block of text:
Link 1 Title: Please check our event calendar for open dates.
Link 1 URL: http://nightsky.jpl.nasa.gov/staging/event-calendar.cfm?Club_ID
Link 2 Title:
Link 2 URL:

If all your club members have already been included in the Night Sky Network, you should set “Option for your club members to register as NSN Participants?” to “No.” This function is used to allow Club members to individually request access to Night Sky Network.

The Night Sky Network cannot accept payments (for example for membership applicants or membership dues) so the club must establish their own online payments account (e.g. PayPal) or other method of payment.

7. If you would like to have a message and/or links at the top of your Club Information page, enter the “Block of text that appears below your club name” and specify the full URLs of up to two links. The “Link Title” is what is actually displayed on the page and the “Link URL” is where clicking on the Link Title will direct the visitor. The “Block of text” permits simple HTML formatting, such as color, italics, bold, or font size. See one of the following for a tutorial (please contact your webmaster or other knowledgeable club member for any needed assistance):

<http://www.yourhtmlsource.com/myfirstsite/basicformatting.html>

<http://www.cmis.brighton.ac.uk/staff/mas/mas/courses/html/html1.html>

<http://www.tizag.com/htmlT/index.php>

The screenshot shows the Astronomical Society website with a form for editing club information. The form includes a text area for a welcome message and two fields for optional links. A red dashed line connects the text in the form to the actual content on the website.
