

Join the Kansas Astronomical Observers and Lake Afton Public Observatory
In safely viewing the:

Transit of Mercury!

See Mercury!

Learn about the Sun!

Monday May 9th
(9:00 am - 1:30 pm)

Backup date: November 11, 2019

Never look at the Sun without using the proper equipment!
(welding glasses are not dark enough)

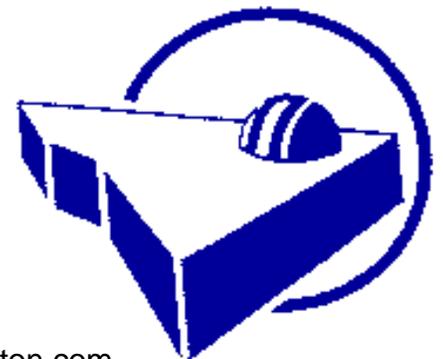

This is an outdoor event. If it is too cloudy, telescopes will not be available.

Where to find us:

Great Plains Nature Center (6232 E 29th St. N)
Exploration Place (300 N. McLean Blvd.)
Sedgwick County Zoo (5555 W. Zoo Blvd.)
