

Moonrise on the Seekonk

Native Americans named the April full moon the “Pink Moon”, to represent the color of the wild ground phlox. The phlox is one of the earliest flowers to bloom this month. Watch the Pink Moon rise majestically over the Seekonk River. Observe the night sky with telescopes with Rhode Island’s amateur astronomers, the Skyscrapers. Hear Joe’s Backyard Band perform music that is out of this world! Dress warmly. Bring picnics, blankets, family and friends. At [Blackstone Field](#), across from the Narragansett Boat Club (2 River Drive, Providence, RI 02906). [To register please click here](#).

Blackstone Parks Conservancy presents MOONRISE ON THE SEEKONK

Watch the Pink Moon rise majestically over the Seekonk River.
