

The background of the poster is a deep space scene. At the top, a large, dark blue planet with a thin white ring is visible. Below it, a bright, glowing blue and white star or nebula is on the right. In the center-left, there is a large, colorful nebula with shades of red, blue, and purple. The bottom half of the poster shows a vast field of stars and distant galaxies, with a prominent yellowish-white star in the lower-left quadrant.

Wichita Heights High School's

13th Annual

Astronomy Night

Tuesday, Nov. 17th

6:00 - 8:30 pm

**Join us for this FREE event as we look at
the night skies through telescopes!
Plus, LOTS of cool science activities.
Fun for the whole family!**
